BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the *many* is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsbeft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1204 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

REVOLUTIONISTS PROCLAMATION.

Men circulated in the street crowds in St. Petersburg yesterday distributing copies of proclamations.

The people formerly were shy of accepting such documents, but now they are eagerly taking them and have nicknamed them "lastotchke" (swallows), an allusion to the spring, which has become a synonym of revolution. The documents are all signed by the "Russian social democratic labor party." One proclamation, dated January 22, reads:

"Comrades: So long as autocracy exits no improvement in our condition is possible. Therefore we continue to inscribe on our banners the following demands:

"The immediate cessation of the war.

"The summoning of a constituent assembly of representatives of the people elected by universal and equal suffrage and direct, secret ballot.

"The removal of class and race privileges and restrictions.

"The inviolability of the person and domicile.

"Freedom of conscience, speech, the press, meetings, strikes and political associations."

A second proclamation, dated January 23, says:

"The proletariat of all countries are united.

"Citizens, you witnessed on Sunday the bestial cruelty of the autocratic government. You saw blood flowing in the streets. You saw hundreds slaughtered, defenders of the cause of labor. You saw the death and heard the groans of the wounded women and defenseless children. The blood and brains of workingmen were spattered around where their heads had been laid.

"Who directed the soldiers to aim their rifles and fire bullets at the breasts of the laborers?

"It was the Emperor, the grand dukes, the Ministers, the generals, the nobles of the court. They are the murders. Slay them.

"To arms, comrades!

"Seize the arsenals and the arms at the depots and at the gunsmiths! Lay low the prison walls! Liberate the defenders of freedom! Demolish the police and gendarmerie stations and all the government and State buildings!

"We must thrown dow the Emperor and the government and must have our own government.

"Long live the revolution!

"Long live the constituent assembly of representatives of the people!"

A third proclamation appeals to the people not to attempt to injure private property.

TUCKER CONVICTED OF MURDER

Guilty of murder in the first degree, was the verdict returned last night Chas. L. Tucker, of Auburndale, Mass., who had been on trial since January 1 for stabbing Miss Mabel Page to death in her father's home at Weston on the 31st of last March. Death in the electric chair in the state prison in Charlestown is the penalty.

The announcement of the finding of the jury was made at 10:10 o'clock last night. Tucker collapsed utterly when the foreman read the verdict. He was led from the courtroom across the street to the jail in an exhausted condition, and when once more locked in his cell revived somewhat under stimulants administered by a physician.

When Foreman Knight said that the jurys unanimous verdict was murder in the first degree, the young man who for 20 days has borne his ordeal with apparent unconcern, sank into his seat, rested his head on his hands, fell forward against the rail of the cage and sobbed violently. Thomas F. Vahey hastened to the prisoner's side, closely followed by James Vahey, and both lawyers tried to comfort their client, but without avail.

The counsel for the defense is allowed 30 days in which to file their exceptions, and sentence will not be pronounced until action upon these exceptions has been taken by the court.

Before the case was given to the jury yesterday Tucker availed himself of the opportunity to address the jurors and declared his innocence, saying he was at home when Miss Page met her death. He said he foolishly broke up the knife which figured so prominently in the case because officers hounded him. He said he knew nothing of the crime until reporters came to talk with him about it.

The murder of Miss Mable Page, at Weston, Mass., on March 31, 1904, attacted wide attention because of the mystifying circumstances surrounding the case.

Miss Page, who was 41 years of age, was stabbed to death in her home. At first it was reported that she had killed herself, but the wounds failed to bear out this theory. Tucker was seen near the Page home about the time of Miss Page's death, and was arrested and examined. He explained his movements and was discharged, only to be rearrested and formally charged with the murder.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by E. S. Leadbeater & Sons, druggists.

All who use Atomizers in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

No More Stomach Troubles.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine, of Allenville, Mich., says, "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was entirely cured. She now eats heartily and is in good health I am glad to say Kodol gave me instant relief." Sold by all druggists.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

WEDNESDAY EVENING, JAN. 25, 1905.

THE wealthy members of the New York Union League Club have been considerably disturbed about the letter received from Secretary of the Treasury Shaw acknowledging resolutions adopted by the club in favor of tariff revision. In his letter the Secretary pokes fun at the Union League men by asking in sarcastic vein if the woolen manufactures in the club would forward information as to the desire of farmers and sheep men for a tariff reduction, and if the flour manufacturers had collected information about the demands of the wheat growers. The club members were first inclined to be amused at these gibes, but their amusement later turned to anger. It now turns out that the preamble to the club's resolutions contained a strong argument for revision by pointing out that corporations which are now virtual monopolies in certain lines are forcing consumers to pay excessive prices for articles of necessity. This is every word true but a republican secretary does not like to be told of it by a republican club. But the truth is mighty and will prevail at last, though the time now seems remote.

THE astonishing admission is now made in official quarters that United States marines may have to be landed in Santo Domingo to fight for possession of some of the Dominican custom houses which the administration has undertaken to run under its recent agreement with President Morales. Revolutionists are in possession of several of the custom houses and will naturally object to turning them over to the persons designated by the President to run them. Thus at the very outset of this new adventure of the President, entered into without the knowledge of Congress, the lives of American soldiers may be sacrificed. But the President is "it" and will not hesitate to declare war if he wishes to do so, Congress or no Congress.

PRESIDENT ROOSEVELT and Representative Foss, chairman of the House naval affairs committee, had a conference yesterday regarding the naval appropriation bill. Mr. Foss told the President that the measure now provides for a naval expenditure of about $103,000,000. Notwithstanding the reductions made by the committee, the bill allows for the construction of additional war vessels and the completion of those in course of construction. The President told Mr. Foss that he does not want too rigid economy to interfere with the administration programme. This shows that Mr. Roosevelt will have Congress do his bidding regardless of the views of the representatives of the people.

THE statehood bill, having served as long as necessary to block the way of the pure food bill and other measures objectionable to the dominant coterie in the Senate, is now, it is said, to be given its death blow. Republicans who have all along been secretly opposed to its passage, but did not care to have that fact known while the bill was needed as a buffer in the Senate, are now coming out in the open to be counted against it. There are 16 of them, it is asserted, and their votes added to the 33 democratic votes, make up an opposition of 49, four more than will be required to kill the bill when the time comes for that operation.

ALL OF THE great religious denominations in North Carolina were represented before the North Carolina legislative committee last week, to urge the repeal of all divorce laws since 1883, when the code followed the Bible, and the Episcopal clergymen, of Kansas City, Mo., without exception, have signed an agreement not to perform marriage in any case where either party has a husband or wife living, divorced for any cause arising after marriage. Divorce is becoming so common now, that unless a quick stop is put to it, the consequences will be disastrous to society.

A MAN was indicted by the grand jury and convicted in the Orange County Court yesterday for robbing a Chesapeake and Ohio Railroad car. Throughout the State men are ever and anon arrested for breaking open and robbing cars. In a number of cases employees of the companies have been the parties who have been made to confront strong circumstantial evidence. The great majority of the accused, however, manage to escape punishment.

ONE OF the surest signs of a coming clash between the anthracite mine owners and the mine workers is the erection of vast coal storage yards by the operating companies. It is said that the Reading Coal and Iron Company will have a surplus stock of 4,000,000 tons. And when the strike comes the coal consumers will have to pay all losses no matter who wins.

IT IS stated in Washington that the whisky trust is trying to accomplish the defeat of the pure food bill in the Senate, and will do so, too.

AT A HEARING before the House committee on ways and means yesterday, Secretary Palmer, of the American Beet Sugar Association, opposed the pending bill reducing the duty on sugar and tobacco from the Philippine Islands. Why, of course; the trusts oppose the reduction of all duties.

TODAY'S snow storm shows how easily electric railroad cars are put out of service. Electric power and light cars are not powerful enough to resist sleet and snow.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Jan. 25.

A stir was caused among members of the House yesterday by the receipt of a communication from the law firm of Watt & Dohan, of Philadelphia, suggesting the impeachment of another member of the federal judiciary, Judge E. Henry Lacombe, of the Circuit Court for the southern district of New York. Twelve separate charges of alleged misconduct on the part of Judge Lacombe are enumerated by Watt & Dohan in their communication.

The day has been a very dull one here in all respects. The bad weather has kept many people in doors and the attendance of members of both houses of Congress was slim. Up to 3 o'clock but little business of interests had been transacted in either branch.

Street car traffic was considerably tied up today on account of the storm, and much inconvenience was occasioned. But few cars from Alexandria on the electric road have arrived during the day.

Telegrams received here today from throughout this section of the country tell of the blizzard that is prevailing. Telegraph service, however, has not been seriously interfered with. The storm has been quite general along the Atlantic Coast.

Railroad rate legislation at the Senate end of the Capitol is moribund. A meeting of the interstate commerce committee to begin hearings on the subject has not been called. It is the understanding of members that there will be no meeting until the regular day—tomorrow. Permission was obtained last Saturday for the committee to sit during sessions of the Senate, but no effort has been made to utilize this privilege. There is grave doubt among members of the committee whether hearings will be held continuously after Friday. There is a general impression that the policy of delay pursued by Senators Elkins, Aldrich, Foraker and Kean, members of the interstate commerce committee, will prove efficacious, and no possibility of action remains.

News of the Day.

Nathan B. Scott was yesterday re-elected to the United States Senate by the West Virginia legislature.

Mr. William J. Bryan yesterday argued in his own behalf in the Bennett will case in New Haven, Conn.

A number of Russian immigrants that arrived in Philadelphia yesterday stated that the revolution has been raging in the interior of Russia for weeks. Men, women and children, they say, have been slaughtered in the streets of Odessa, Warsaw and other cities remote from the capital. "Uprisings have been going on all over Russia, and at least 9,000 persons have been slain by the soldiers of the Czar," was the statement of the fugitives made to the immigrant inspectors.

In the West Virginia Senate yesterday Mr. Campbell, of Jefferson county, created something of a sensation when, in seconding the nomination of John T. McGraw for the United States Senate, he referred to things he had heard in the Senate, being compelled, he said, to "sit in quiet a few days ago, and hear a political stump speech delivered in the guise of a prayer by a negro preacher who had been invited to open the proceedings of this body." Aside from this, the balloting for senator passed without incident in either house.

CONGRESSIONAL.

The Senate yesterday, as stated in the Gazette of that day, took another step in the impeachment trial of United States Judge Charles Swayne, of Florida. The organization for the trial was perfected by the swearing of the Senators for that purpose; the managers of the House were received for the purpose of formally presenting the articles of impeachment, and a resolution summoning Judge Swayne to appear was adopted. Mr. Platt, of Connecticut, was elected to preside at the trial sessions. Further proceedings where then postponed until Friday next, when Judge Swayne is expected to appear before the bar of the Senate in response to the summons of the Senate.

Other proceedings of the Senate consisted of a speech on the statehood bill by Mr. McCumber, and discussion of the Bacon resolution of inquiry concerning the agreement between the United States and Santo Domingo. The resolution was referred to the Senate Committee on foreign relations.

The District of Columbia appropriation bill again occupied the attention of the House of Representatives yesterday. At times the proceedings were enlivened by vigorous remarks in defense of a proposition to increase the salaries of Washington school teachers. An adjournment was taken at 4:51 o'clock, without having concluded consideration of the bill.

COURT OF APPEALS.

Following proceedings of the Supreme Court of Appeals were:

Chilton vs. Hanna and others; dismissed.

Lynchburg Telephone Company vs. Booker, by &c.; argued and continued until today.

Next cases to be called:

Bishop vs. Bagley and others; Stultz vs. Bratt, at the relation of, and Globe Furniture Company vs. Jerusalem Trustees Baptist church and others, being Nos. 40, 41 and 43 on argument docket.

Everybody's Magazine for February has been received from its publishers in New York. Lawson's "Frenzied Finance" still holds the most prominent place, beginning this month with an explanation of his recent move against the "System" in Wall street. Characteristic studies of Lawson by two well-known American writers are also given. Of equal interest is the first of a series of articles by C. E. Russell, on "The Greatest Trust in the World," in which he explains why meat, fruit and dairy products grow more costly every year. "The Last Days of Steamboating on the Mississippi" and "The Hunt for Bohemia" will be read with interest. Other clever articles and nine bright short stories complete this issue.

The House committee on naval affairs by a vote of four to five struck out of the naval appropriation bill yesterday the item appropriating $200,000 for a new naval hospital at Norfolk.

At a meeting of the directors of the Jamestown Exposition Company held in Norfolk yesterday the old officers were unanimously elected for the second term with Gen. Fitz Lee as president.

The Virginia Military Institute Board, meeting in Richmond in annual session, yesterday declined to reinstate the three cadets suspended for violation of rules. A successor to Professor Semmes was not chosen.

After being committed to the care of the Children's Home Society and while waiting to be taken to a Baltimore home, Rose Cameron, a pretty girl of 16 years, escaped yesterday from the home of Mrs. Frank Baker, president of the local society, in Winchester, where she had been detained. After a sensational chase through the streets she was captured by a policeman. It is understood that her mother recently remarried and left her two sons and two daughters unprovided for.

The installation of President Edwin A. Alderman on April 13 next will be one of the greatest events that has taken place at the University of Virginia since its founding. All of the college presidents of the country have been invited. Eight thousand invitations to alumni have been issued. The faculty will wear caps and growns. There will be a procession of faculty, of alumni, and other guests. The ceremonies are in charge of a joint committee of the visitors, alumni, and faculty.

THE RUSSIAN TROUBLES.

The terrorists and anarchists of St. Petersburg and Moscow, emboldened by the rapidly extending strike movements, are issuing proclamations calling upon the people to be revenged and kill the Emperor, the nobility and the bureaucracy. The strikers are, apparently, well supplied with funds.

Crowds of sullen men maye about the streets of the Russian capital, but they are confronted by machine guns at every prominent point. Cossacks drew their swords yesterday on a party of strikers and wounded several of them. Moscow is the center of the revolutionary spirit.

General Trepoff has been made governor general of St. Petersburg with wide powers, giving him control of all departments. The report that the Czar had decided to appoint a mixed commission of officials and workingmen to consider the strikers' demands can not be confirmed and was probably circulated to keep the people quiet.

The whereabouts of the Czar and his family is carefully concealed. They are supposed by the people to be at the summer palace, Tsarskoe Selo, but it is believed they are now at the Peterhof Palace, eight miles east of St. Petersburg.

Serious riots in Radom are reported. The people have returned the fire of the troops, killing several officers. Buildings have been blown up with dynamite.

In certain official quarters where the woes of Russia are always laid to the door of Great Britain the feeling against the British has become intense, it being charged that the British are furnishing money to bring about a revolution. That even British government officials view with more or less satisfaction the outbreak is shown in a speech of the British War Secretary, Arnold-Forster, who expressed the sympathy of the English people with the Russian people in the latter's desire for liberty.

While the government officials claim that the strike is about broken, none of the men have returned to work, and in Moscow, Vilna, Kovno and other cities the striker trouble, are increasing. Many foreignsrs are leaving St. Petersburg for France and Germany, being fearful of more serious trouble there.

Father Gopon has disappeared and is said to be in Moscow directing the strike there.

For the moment the men without a plan of action and are seemingly beginning to realize that without arms it is folly to resist the troops. If the strikers are paralyzed there is general fear that the revolutionists and terrorists who are coming to the front will begin a reign of bomb throwing and that the Political Exiles Association, known as the "illegal red cross," will make large contributions.

The exact number killed on Sunday was 96; wounded, 333 of whom 53 were treated at the ambulance stations.

A meeting of 350 barristers and solicitors has passed a resolution of solidarity with the strikers, protesting against the action of the government in provoking bloodshed, declining to plead in courts and deciding to open a subscription in aid of the propaganda.

A dispatch from Helsingfors, Finland, says thousands of workmen joined in a demonstration last night. Assembling on the huge steps of the Nicolai Cathedral, they paraded the streets till midnight, waving red flags. The windows of public houses, hotels, breweries and a number of newspaper offices were broken. The police interfered rather late, arresting 50 of the workmen.

St. Petersburg dispatches last evening show that the disturbances are spreading. There has been serious trouble in Poland, buildings blown up and crowds fired on and people slain. Strikes have taken place at Radom, Lodz, and Kovno, all Polish cities, and at Moscow.

Girl Slays Big Wildcat.

Mt. Carmel, Pa., Jan. 25.—Miss Maggie Bowen, who carries the mail between here and Natalie, had a remarkable experience yesterday evening. She was coming down the mountain at dusk, when she saw an animal crouching in the road 50 feet ahead. Grasping her revolver, she fired at a great wildcat, the bullet going through the animal's head.

Today's Telegraphic News

Situation in Russia.

St. Petersburg, Jan. 25.—The situation here is practically unchanged. There have been no new clashes between the strikers and the troops and no more uprisings are reported.

Advices from different parts of Russia indicate considerable turbulence. The strikes continue in a number of places throughout the empire, but no serious troubles are reported today.

Frigid Wave.

Philadelphia, Jan. 25.—Originating in a storm area that extended from the lower Lake region southeast to the south Atlantic coast, a snow storm arrived in town last night, and at an early hour this morning the flakes were falling at a lively rate. The storm resulted in slippery tracks, and both teams and trolley cars experienced difficulty in proceeding. The street car schedules were disarranged and blocks were frequent. After the snow has ceased Forcaster Townsend predicted a marked cold wave, moving southeastwardly, which arrived today. Late last night he centre of the storm was over North Carolina and it was increasing in velocity. Northeast storm warnings are displayed on the coast from Baltimore to New York. The entire central portion of the country is covered by an enormous wave of high pressure, with its crest over Central North Dakota. The cold wave accompanying this high area extends into the middle slope, the Ohio and middle Mississippi valleys, with the line of zero temperature running through northern Missouri and Illinois. The cold wave is moving eastward at a rapid rate.

Says Wife Left Him 20 Times.

Orange, N. J., Jan. 25.—On the allegation that his wife informed him she was in love with a Russian prince, and because, he says, she has deserted him twenty times, Abram D'Zon, of East Orange, has brought an action for divorce. The defendant is a physician, and is said to be in Europe. The bill of complaint recites that the couple were married in the Province of Ribanatze, Russia, in 1885, and two years later came to this country and lived in Brooklyn for a time. It is declared by the plaintiff that he paid for a course taken by his wife in the Eclectic Medical College of New York, from which she was graduated as a physician in 1898, and he declares that her education cost him $2,000. It was after she became a doctor that Mrs. D'Zon left him, he says, because she said that he was not intellectual enough for her.

The Rogers Plant Sold.

New York, Jan. 25.—The Rogers Locomotive Works, in Paterson, N. J., it was announced last night, have been sold to the American Locomotive Company, which now controls all the locomotive manufacturing plants in the United States, excepting the Baldwin Works, of Philadelphia. Several previous attempts have been made in the last four years by the American Locomotive Company to acquire possession of the Rogers Works, but without success. These efforts have been in the direction of securing a controlling interest in the stock, but in the present transaction the American Locomotive Company has purchased the entire outstanding capital stock, consisting of $1,000,000 6 per cent cumulative preferred stock and $991,000 common.

Whale Whacked the Cable Line.

Washington, Jan. 25.—The army signal office learned yesterday the cause of the break in the Alaskan cable. A report was received in Washington stating that the floundering of a whale caused the fracture. It is presumed that some evidence of the whale must have remained, or the news could not have been imparted so positively. It did not take the cable ship Burnside long to make repairs when the break was located. The break in the cable really caused the wreck of the Burnside and necessitated considerable expense in repairs, to say nothing of the inconvenience and loss entailed by the interruption of communication and the extra expense of using another route to send messages.

Roosevelt to Hunt Jack Rabbits.

St. Louis, Jan. 25.—President Roosevelt has arranged to hunt Jack rabbits in Texas some time between March 25 and April 5. The President will attend a wedding in New York on March 18, and almost immediately afterward he will take a special train for St. Louis, where he will be met by Cecil Lyon, a wealthy lumberman, of Sherman, Texas, and W. S. Simpson, of Dallas, Texas. Mr. Simpson was a member of the Rough Riders. The party will go directly to Texas, and the President will visit Houston and Dallas and attend the Rough Riders' reunion at San Antonio. He will then be taken to a region east of Houston known as the, "Big Thicket," which abounds in Jack rabbits and other game. The President will spend several days in hunting.

"Let Me Walk!" Says "Corpse."

Shamokin, Pa., Jan. 25.—Overcome with foul air, Joseph Tawelbick fell 80 feet down a breast at Burnside colliery yesterday. When picked up it was believed his neck had been broken. Several men were carrying the supposed corpse to the bottom of the shaft, when the victim regained his senses and said he would walk, only having been slightly injured.

Mary Rogers to Hang.

Rutland, Vt., Jan. 25.—Mrs. Mary Rogers, the Bennington murderess, the woman who chloroformed her husband and threw his body into the river after she had him tied fast to a chair, he supposing the matter a joke, is now in the death cell at the Windsor state prison, with only ten days more to live. The only ray of hope left to Mrs. Rogers is the effort which is being made by Mrs. W. C. Blickenderfer, of Stamford, Conn., to have a new trial granted by the Vermont Supreme Court, now in session. Mrs. Blickenderfer says that Mrs. Rogers, then a girl of only nineteen, was goaded to murder by the jeers and taunts of Marcus Rogers, her husband, directed against Catholicism, the girl's religion, and that at the trial the woman was discriminated against because of her faith.

Negro University in Flames.

Nashville, Tenn., Jan. 25.—Robert Williams University for negroes is burning and may be a total loss. The buildings, which include a dormitory, where a hundred or more students, male and female, are quartered, are beyond the city limits and the province of the fire department. It is not yet known if there are any casualties.

Col. Allen T. Davidson, soldier, lawyer, statesman, and one of the few surviving members of the Confederate Congress, died yesterday at his home in Asheville, N. C., aged 85 years.

The Market.

City Council.

The volume of business transacted by the City Council last night was small, although considerable time was consumed by discussion and the deliberations of conference committees.

BOARD OF ALDERMEN.

The first paper considered by the Board of Aldermen was a resolution appropriating $6,000 for two new benches and other improvements at the gas works. The resolution had been passed by the Common Council at the last meeting and laid over by the Aldermen under the rules.

Mr. W. H. Sweeney said: Mr. President, I think the appropriation asked for by the light committee is a necessary one and should be made. Our works almost reached their full capacity during our last Christmas holidays which is our busiest season. Their capacity is 200,000 cubic feet per day, and we put cut 187,000 cubic feet on two of the days at time above mentioned. This should not be the case in any well regulated gas works, for the reason that some one of the benches might break down, and then we would be unable to furnish the necessary amount of gas to our customers when they most need it. If we are to make these additions to the work we should not delay about it, as it takes time to build gas benches; and again, if we wish to get the advantage of the market we must give our contract early. If we succeed in giving our contract within the next 30 days the benches, in all probably will not be completed and ready for use before the 15th of September. Now, Mr. President I desire to say something in connection with a statement made by two gentlemen in the lower board at their last meeting. I do this in justice to the old committee on light of which I had the honor to be a member. I am the only man of that committee who is now a member of Council, hence I am the only one of the committee who has a chance to defend our acts. I believe we were as cateful as men could well be in the discharge of our duties and considered every matter in detail before we decided to act. It is probable we may have made some mistakes, but I have not seen any as yet. We endeavored to build the works as economically as the necessities would allow. We anticipated an addition would have to be made to the works in 5 or 6 years, but we had no idea it would come so soon; and I don't believe anybody could have anticipated the phenominal increase that has taken place in our output in the last 2 years. The chairman of the lower board said we made certain promises which have not been fulfilled. On this point I beg to differ from the gentlemen. I can not recall that we ever promised to turn into the city treasury any specified amount. We, of course, expected to increase the profits materially. The proposition before us tonight shows our output has increased beyond all expectation, and naturally with good management our profits should be increased proportionately. The gentleman says the works cost $27,000 and that the old committee had said that $22,000 was sufficient. The auditor's office showsthat the works proper cost $22,741.63 and the coal-shed $2,502 61; total, $25,248.24. This includes all repair to buildings, made necessary by the renewal of the works at the time. This amount was paid out of the general fund. I believe the delay in giving out the contracts caused by the Goldborough proposition cost the city of Alexandria at least $1,800. This accounts in a great measure for the increased cost of the plant over what the committee's first estimate was. Mr. Uhler, chairman of the present light committee is quoted as saying that we did not renew the Gas Works. I confess, Mr. President, I do not understand how the gentlemen can make any such assertion, unless he refers to the part of the Gas Works outside of the manufacturing department. I say, Mr. President, notwithstanding the gentleman's assertion, that we did renew the entire manufacturing department up to the gasometer, and it cannot be denied. The last few remarks I have made, Mr. President, are not in defence of the former committee as they need no defence, but I desire to correct erroneous statements which are sometimes misleading.

Mr. Ballenger was not prepared to vote for the resolution if the proposed improvements were not absolutely necessary. There were but three benches in operation at the works at present.

President Sweeney intimated that if the proposed improvements were necessary it would be wise to contract for them now; otherwise the work would be delayed until next year.

After further interchange of opinion the action of the Common Council was non-concurred in and the resolution referred to the committees on light and finance.

The Common Council returned the resolution and asked for a committee on conference, and Messrs. Fisher and W. H. Sweeney were appointed on the part of the Aldermen. When the committee had retired, a recess having in the meantime been declared by the Aldermen, Messrs. Uhler and Spinks, of the conference committee of the lower board, informally explained the necessity for immediate action in the matter.

The committee subsequently entered the chamber and recommended that the Aldermen recede from their action and concur in that of the Common Council. The Aldermen, upon motion of Mr. Curtin, adopted the report and subsequently passed the resolution.

The Aldermen non-concurred in the action of Common Council expressing the opinion that telegraph offices in this city should be kept open daily and later than at 9 o'clock at night, and referred the same to the committee on general laws.

During the discussion Mr. Marbury said such action would impose a hardship upon the operatives. But few messages were sent on Sundays.

Mr. Fisher suggested that there were sub-stations in the city.

The Common Council refused to recede from their action and asked for a committee of conference. The committee failed to agree and the resolution having been returned to the Aldermen was laid on the table.

The communication from Hubert Snowden, Clerk of the City School Board, was returned by the Common Council, that board having refused to concur in the action of the Aldermen in turning the same over to the committee on schools. Messrs. Marbury and Ballenger were appointed on the part of this board, but they failed to agree and the paper was laid on the table in the lower board.

COMMON COUNCIL.

The board was called to order at 7:50 a bare quorum being present, but other members soon came in.

The finance committee reported in favor of an additional appropriation of $300 for fire plugs, which was agreed to.

The Board of Aldermen returned to the Council a communication in relation to the cost of carrying on the schools for full ten months. Council had at its last meeting received a communication from the City School Board enclosing a statement of that board that about $1,900 would be required for an additional month. This communication had at the last meeting been, by the Common Council, referred to the combined committees on schools and finance. To this the Aldermen non-concurred and ordered that the communication be "turned over" to the committee on schools.

A discussion as to whether the action of Council was proper followed. It was explained by Mr. Snowden that the City School Board had received from the City Council committee on schools a resolution in which the City Council requested the School Board to give to the City Council an estimate of the amount needed to carry on the schools for an additional month, and the City School Board directed the clerk to communicate to the City Council that $1,900 additional would be needed for that purpose, and this communication under the resolution was sent to the City Council. That was the only course which could have been pursued by the School Board under the circumstances.

After an interchange of views Messrs. Williams and Spinks were appointed a committee of conference on the subject who later returned with the statement that the Aldermen would not agree and wished that the paper should be handed over to the committee on schools.

Mr. Williams moved that in order to avoid friction that Council recede and concur with the Aldermen and the whole matter be referred to the committee on schools, without the committee on finance. He thought this would be the most speedy way of reaching the end desired.

Mr. Snowden asked if any member thought that Council had been wrong in its action. The members expressed the view that Council was right in the matter and Messrs. Uhler and Bryan opposed the idea of receding from a correct position and yielding to the Aldermen who were clearly in the wrong.

After further debate Mr. Straus moved to lay the whole subject on the table which was agreed to.

Mr. Bryan introduced a resolution setting forth that it is the opinion of Council that the telegraph companies doing business in Alexandria keep their offices opened all day and every day.

Mr. Bryan explained that on Sundays the telegraph offices were closed nearly all day and very much inconvenience had been experienced.

The Chair suggested that 9 o'clock, p. m., was too early to close the telegraph offices in a city of more than 1,5000 inhabitants. The resolution was agreed to.

The Aldermen, however, non concurred and referred the resolution to the committee on general laws, and Council appointed a committee of conference.

The Aldermen having also non concurred in the resolution appropriating $6,000 to add two benches to the gas works, and referred the same to the committee on light and finance, the non concurrence was read.

Mr. Strauss—What is the matter with the Aldermen over there?

Mr. Uhler said that however wrong the action of the Aldermen may be, it would probably be better to concur so that the gas works might be able to furnish the gas desired.

Mr. Spinks could not understand why the improvement should be stopped when it was absolutely necessary.

It was explained that to concur with the Aldermen would postpone the improvement for two weeks.

Council then voted to adhere to its former action and appointed a committee of conference.

A recess then followed to await the report of the conference committees.

Council having reassembled, Mr. Harrison reported that the conference committee, relative to the resolution about the telegraph offices, had agreed to disagree, and on motion of Mr. Williams the board voted to adhere to its action, and so the resolution was stayed.

Mr. Uhler, from the committee of conference on the $6,000 appropriation for the gas works, reported that the Aldermen had receded from their stand and had passed the resolution.

Mr. Williams introduced a resolution that an ordinance be framed fixing a penalty for expectorating on the sidewalks. This was referred to the committee on general laws.

A motion to take up the ordinance for the sale &c. of the electric franchise was offered.

Much discussed ensued as to the propriety of taking up and voting on the ordinance.

It was stated by Mr. Bryan that as only eleven members were present, even a unanimous vote could not pass the ordinance.

Mr. Spinks wished a definite time fixed for a vote on the ordinance; if Mr. Bryan's views held, a vote would never be had till all sixteen members are present.

Capt. Bryan said that a majority of his board were in favor of the ordinance and he was opposed to allowing three or four members to defeat such an important public project. He was indisposed to take up the matter unless a full board was present.

Mr. Uhler said that members who absented themselves should be required to attend the meetings.

Mr. Spinks moved that the matter be taken up at the next meeting, which was agreed to, and the board adjourned.

We acknowledge the receipt of a most interesting paper by Howard R. Bayne, esq., of New York, formerly of Virginia, entitled "A Rebellion in the Colony of Virginia." This sketch, which is free of incident, written in a graceful and pleasing style and showing research, was recently read before the Society of Colonial Wars, in New York city.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held January 24, 1905, there were present: J. T. Sweeney, esq., President, and Messrs. Marbury, Ballenger, Fisher, Curtin and W. H. Sweeney.

A resolution appropriating the sum of $6,000 for the purpose of constructing two benches at the gas works and making certain necessary improvements, received from the Common Council January 10, 1905, and laid over, was non-concurred in and the resolution referred to the Committees on Light and Finance.

The Common Council returned the resolution and asked for a committee of conference. Messrs. Fisher and W. H. Sweeney were appointed on the part of this board. Upon their return Mr. Sweeney reported that the committee recommended that the Aldermen recede from their action and concur in that of the Common Council.

Mr. Curtin moved that the report be adopted and his motion prevailed. The Aldermen therefore receded from their former action and concurred in that of the Common Council.

Resolution setting for h that it is the opinion of the City Council that telegraph companies doing business in Alexandria should keep their offices open daily and later th n 9 o'clock at night, was received from the Common Council, their action non-concurred in and th resolution referred to the Committee on General Laws.

The Common Counc l returned the resolution, no -concurring in the action of this board, and asked for a committee of conference, and Messrs. Marbury and Curtin were appointed on the part of this board. The resolution was returned to the Aldermen, the Common Council adhering to its action and on motion of Mr. Marbury was laid on the table.

The Common Council returned the communication of Hubert Snowden, Clerk of the School Board, in reference to a resolution introduced in the Board of Aldermen October 11, 1904, concerning the amount of money necessary to conduct the public schools for ten months, and asking for a committee of conference Messrs. Marbury and Ballenger were appointed on the part of this board.

The following were received from the Common Council and their action concurred in by unanimous votes:

Report of the Finance Committee on a communication from E. F. Price, Auditor, appropriating $300 for fire plugs.

A resolu ion providing that Council draft an ordinance making it a misdemeanor to expectorate on sidewalks or on common carriers.

The board then adjourned.

J. T. SWEENEY, President.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held January 24, 1905, there were present: Hubert Snowden, esq., President, and Messrs. Burke, Strauss, Williams, Hellmuth, Harrison, Uhler, Marshall, Spinks and Bryan.

The Committee on Finance recommended an additional appropriation of $300 for fire plugs and the report was adopted—ayes 10, noes 0.

A communication from the Clerk of the City School Board, which was referred to the Joint Committee on Finance and Schools on Jaury 10, 1905, was returned from the Board of Aldermen non-concurred in and the matter turned over to the Committee on Schools. Council adhered to its previous action and Messrs. Spinks and Williams were appointed a committee on conference. The committee reported that they could not agree and upon motion of Mr. Strauss the matter was laid on the table.

A resolution passed on January 10, 1905, appropriating $6,000 for improvements at the Gas Works was returned from the Board of Aldermen non-concurred in and referred to the Committee on Light and Finance. Council adhered to its previous action and Messrs. Uhler and Spinks were appointed a committee of conference. The committee reported that the Board of Aldermen had receded from its action and concurred in the action of the Common Council.

A resolution offered by Mr. Bryan that in the opinion of the City Council telegraph companies in the city of Alexandria should keep their offices open all day, and every day, and at night for the accommodation of the public, was passed. The matter was returned from the Board of Aldermen non-concurred in and referred to the Committee on General Laws. Council adhered to its former action and Messrs. Bryan and Harrison were appointed a committee on conference. The committee reported that they could not agree and upon motion Council adhered to its previous action.

A resolution by Mr. Williams requesting that an ordinance providing a penalty for expectoration on sidewalks and common carriers was referred to the Committee on General Laws.

Upon motion of Mr. Spinks it was decided to take up the electric light franchise at the next meeting.

The board then adjourned.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a sympton of some disease, and the disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by Gibson & Timberman and W. F. Creighton & Co.

Speedy Relief.

A salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by all druggists.

WEATHER PROBABILITIES.—For this section fair and much colder tonight; Thursday fair and continued cold.

Wintry Weather.

The leaden sky and raw temperature of yesterday were followed by snow late in the afternoon, and by dark the ground was well covered. The snow continued to fall during the night, drifting in many places to two feet in depth. Toward morning a sharp northwest wind set in, and conditions savored of a blizzard, the mercury in the meantime dropping to 18. The snow was whirled through the streets in blinding clouds, and the wind, to use a familiar expression, "cut like a knife." The elements gathered strength during the morning hours and snow continued to fall, rendering out-door operations difficult and disagreeable. At times pedestrians found it almost impossible to forge ahead against the heavy blasts of wind.

The river presented a wild picture. The snow cast the Maryland hills into an eclipse, and waves roared dismally. Now and then a tugboat could be seen struggling up the river, and occasionally one passed down.

Railway traffic was seriously impeded, and the few electric trains which ran were operated under difficulties, most of the morning trains having been annulled. Many people who are employed in Washington declined to brave the elements and remained at home. Others made a start, but upon reaching the stations and realizing the difficulties before them returned to their homes. The trolley trains stalled, while the motor wheels spun around like tops, and occasionally cars jumped the tracks. Every effort was made to keep the line open by running single cars between here and Washington.

Most of the day the electric railway trains from this city ran only to Arlington Junction where passengers were transferred and carried to the Aqueduct bridge and from there proceeded to Washington.

All the steam trains, both north and south bound, were late in arriving and departing.

The snow ceased to fall shortly after noon, but high wind continued.

The conditions last night contrasted remarkably with those prevailing at the same hour January 24, 1899, six years ago, when a warm rain, accompanied by incessant thunder and lighting, prevailed for two hours.

County Board of Supervisors.

A special meeting of the Board of Supervisors was held at Del Ray last night for the purpose of taking action in reference to the new steel highway bridge which is to be erected over the roadway from Poor House lane to St. Asaph Junction by the Washington-Southern Railway Co. Mayor Paff, City Engineer Dunn, Mr. E. S. Leadbeater, chairman of the committee on streets, and Mr. Frank T. King, were present in the interests of the city of Alexandria. Major Myers and Mr. Martin of the Richmond, Fredericksburg and Potomac Railroad, were also present.

A diagram of the purposed structure was exhibited by the officials of the railroad company, which provides for a steel viaduct 640 feet long, with a 20-foot roadway and a 5-foot footway. After an interchange of opinion it was agreed that the roadway be expanded to 24 feet with a 4-foot footway, with the understanding that should traffic require it the roadway will be widened and another footway "anchored" to the structure. The plan provided for a 5 per cent. incline at the approaches, but this was changed to 4. A numerously signed petition from people of the county asking for a 50-foot roadway was presented, but as there was no one present to represent the petitioners, the suggestion was not considered.

Corporation Court.

[Judge L. C. Barley presiding.]

City Council vs. H. D. Miller; final decree.

Com. vs. Winter Crupper, indicted for breaking and entering railroad cars, &c. The Commonwealth's Attorney stated that he had been misled in this case in that the witnesses who had given him the information upon which the prisoner was indicted, had failed to make good their evidence. He therefore asked that the jury return a verdict of not guilty, which they did without leaving the box. The defendant was represented by Messrs. Machen & Moncure.

Com. vs. Fitz Lee Weems, indicted for breaking and entering railroad cars, &c; nol pros. entered and prisoner turned over to Richmond authorities.

Bread Thieves.

The bread box in front of Mr. E. M. Anderson's store, northeast corner of Duke and St. Asaph streets, was broken open early yesterday morning and ten pounds of the staff of life stolen. The receptacle in front of Mr. Charles McKenney's store, southwest corner of Wolfe and Fairfax streets, was rifled of three dozen buns and several pounds of bread this morning. The lock of the box was broken by the thieves, and after the contents had been removed it was overturned on the sidewalk. The robbery was committed between five and six o'clock. The bakers are justly exasperated at the losses to which they are daily subjected.

Death of Old Resident.

Mr. Thomas Walsh, an old and esteemed resident of Fairfax county, died at his home, "Burgundy," at 10:30 o'clock this morning aged 84 years. The deceased had recently been paralyzed. Mr. Walsh was born in Limerick, Ireland, but came to this country 52 years ago, locating in Brooklyn, N. Y. About 30 years ago he removed to this section, and took charge of "Burgundy," in Fairfax county, a short distance southwest of Alexandria. He visited this city daily and had long been a familiar figure in our midst. The deceased leaves eleven children—six boys and five girls.

No Ferry.

It is reported that the plan for the formation of a local steamboat company to put steamers on the ferry route between this city and Washington has been practically abandoned, and that just now there is little prospect of a ferry line being started in the near future. The Washington Steamboat Company, which formerly ran the route, but which gave it up when the steamer George Washington was condemned, is rebuilding the ferry wharf at Washington, and for several query is: "Why is this being done at the old company

Personal.

A cablegram was received in this city today from Mr. E. L. Daingerfield announcing the safe arrival of himself and family at Cairo, Egypt.

It was reported today that Rev. J. A. Wray, who has recently returned from Nashville, Tenn., where he was called by the serious illness of his mother, will at a early day tender his resignation as pastor of the Baptist Church, of this city.

Mr. Charles Demaine, formerly of this city but now of Richmond, is on a visit to his old home.

Mr. William Webster has returned from Charleston, S. C.

Mr. Ethelbert Deeton, who has been ill with pneumonia at his home on north Fairfax street, is rapidly recovering

Mr. Bryan.

As heretofore stated, Mr. William Jennings Bryan will deliver an address in the Opera House tomorrow night under the auspices of the 17th Virginia Regiment Chapter, United Daughters of the Confederacy. Mr. Bryan agreed to deliver the address at the solicitation of Mrs. J. M. Hill, chairman of the ways and means of the local committee, who had an interview with him in Washington a few days ago. He will take for his subject "The Value of an Ideal." Mr. Bryan will be met at the station by a committee of Lee Camp and escorted to the hall. He is expected to return to Washington soon after delivering his address.

The Smoke Law.

The District of Columbia Commissioners yesterday transmitted to Congress their report on the proposed three-minute amendment to the existing smoke law. They decline to recommend the enactment of the amendment or any other amendment except one extending the provisions of the law to buildings owned by the government and the District, and, as far as possible, to locomotives, especially those employed for switching. As this will publicly drive several manufactories out of Washington it is suggested that eligible sites for such enterprises can be found in and around this city.

Traffic Interrupted.

The snow last night, though by no means heavy, has interfered with railroad traffic in this immediate section more than any that has fallen for some time past. The high wind has caused drifts to form on the tracks, in many instances completely covering them and bringing all trains to a standstill. Up to 3 o'clock this evening but few trains had made the trip between this city and Washington and but one had run between this city and Mount Vernon, and so long as the wind continues to blow and the temperature remains low, there is little prospect of better conditions.

New Highway Plan Approved.

The Senate yesterday evening passed the House bill authorizing the Commissioners of the District of Columbia to prepare a new highway plan for that portion of the District lying north of the Sheriff road and southeast of the right of way of the Alexandria branch of the Baltimore and Ohio Railroad Company, and extending to the District line, under the provisions of the act of March 2, 1903, and upon the completion and recording of that plan it is to take the place of and stand for any previous plan for that portion of the District.

Ordination.

Rev. Emmett E. Miller, a colored deacon, was ordained to the priesthood by Bishop R. A. Gibson this morning at 10:30. The services were held in Meade Chapel, corner of Princess and Columbus streets. The candidate was presented by Rev. John Moncure, Archdeacon of the colored work in Virginia, who also preached the ordination sermon. Rev. W. J. Morton, of Christ Church, assisted in the services. Rev. Meade Clarke, of Fredericksburg, who was expected to present the candidate, was delayed at home by reason of the storm.

John Dempsey Released.

John Dempsey, who was arrested in Alexandria county December 31 on suspicion of being the man who feloniously attacked Miss Esther Peverill and Miss Beulah Ebaugh near Arlington Junction two nights before has been released from custody by the Alexandria county authorities. After an investigation the authorities were convinced that they had an innocent man. He was accordingly discharged. Sheriff Palmer is still working on the case and hopes to be able to arrest the guilty man, who is thought to be a negro.

Accident to Tugboat.

The tugboat Eugenia, belonging to the L. E. Smoot Sand Company, capsized while being hauled out at the shipyard Monday. Capt. Isaac Force was thrown overboard and was painfully injured. Fireman Lyons was slightly hurt and a few others more or less injured. Several persons who were on the boat escaped injury. The accident was caused by the slipping of a "shore." The tug sustained no material damage.

Charity Ball.

The twelfth annual ball of the Southern Relief Society took place last evening at the New Willard, in Washington, where 500 friends of the society danced to the music of the Marine Band from 9 o'clock to the early morning. Gen. Fitz Lee and a number of Virginians were present. Mr. R. E. Lee, jr., of Fairfax, was chairman of the floor committee and several Alexandrians took part in the dance.

Shot at Trespassers.

Watchman Brown, of the Washington-Southern Railway, discovered three suspicious white men in the yard of the company last night. He went after the trespassers when they ran, and the watchman discharged his pistol at the fugitives, who disappeared in the direction of the ice house adjoining the Southern Railway tracks on the south.

Case Continued

The only case before Justice Caton this morning was that of Samuel R. Taylor, who was arrested yesterday by Lieutenant Smith charged with obtaining $200 from the Mercantile Railway Building Association under false pretenses. The consideration of the case was further postponed.

Supper.

The Woman's Exchange will tomorrow night give an oyster supper at Lee Camp Hall. Those who have attended these suppers know what they are, and those who have not, should not let this opportunity go by. The ladies will also furnish fried oysters in boxes at 50 cents a dozen.

LOCAL BREVITIES.

The big dredge W. A. Smoot is on the ways at the shipyard for repairs.

Officers Young and Roberts today arrested Morris Belt charged with stealing two bottles of whisky from Mr. Dan Henry.

The alarm of fire this morning was caused by a burning chimney at the corner of Queen and Royal streets. No damage resulted.

Mr. Elmer Underwood fell last night and badly cut his head. He was taken to the Alexandria Hospital where his injuries were treated and today he was out again.

Ben Olsen, while engaged in work on the railroad improvements near this city, fell down a bank yesterday and broke one of his legs. He was taken to the Alexandria Hospital for treatment.

Fifty-Eighth Congress.

Washington, Jan. 25.

SENATE.

The Senate was engaged today on the Statehood bill.

The Sergeant at Arms reported that he served a subpoena in Wilmington, Del., last night upon Judge Swayne of Florida to appear before the bar of the Senate on Friday at 1 o'clock when the impeachment trial of Judge Swayne will begin.

HOUSE.

Most of the session of the House was occupied today with District of Columbia business.

"South as Section Apart."

James B. Frazier was yesterday inaugurated Governor of Tennessee to serve his second term. In his inaugural address Governor Frazier said in part: "The exigencies of the civil war freed the slave, but the black man remained, and with him a problem unparalelled in its difficulties. The problems of industrial regeneration and of racial adjustment were laid upon the men of the South, and they were commanded to solve them in peace and honor. To reorganize labor and adjust it to the new conditions of citizenship forced upon the negro and to harmonize two races by nature wholly dissimilar, living on the same soil, beneath the same skies—one for a century in slavery to the other and only freed as the sequel to a bloody and desolating war one of a brave, proud and cultured race, the other ignorant, uneducated, irresponsible, yet each clothed with equal civil and political rights—presented problems almost superhuman in their difficulties. But our people in less than forty years, with little help and little sympathy from any source, have almost solved the one problem, and if left undisturbed are hopeful of solving the other. The cotton crop of the last year was worth nearly $600,000,000, and our grasses and grains and other farm products much more. This could not have been produced by sullen or discontented labor. But, notwithstanding the South's industrial resurrection, its progress, its growth and unwavering loyalty, there are those who still persist in looking on the South as a section apart, who still prate of federal election laws applicable only to the South, of reducing southern representation, and would still force upon the South political, if not social, equality of the races. First of all, let us be patient and keep our heads. Upon the supreme question which touches our racial integrity and supremacy let us give all mankind to understand that there will be neither compromise nor shadow of turning, and that the white people of the South must and will preserve that civilization which has made them as a race and a people strong and great."

The trustees of the Peabody Education Fund held a meeting in Washington yesterday and voted to dissolve their trust. A vote also was taken on the proposition to appropriate $1,000,000 for the George Peabody school for teachers at Nashville, Tenn., and it was carried, leaving $1,200,000 still on hand, which will be distributed largely among educational institutions in the South.

Churches on Bridges.

The custom of building churches on bridges was common a hundred years and more ago. Several of these quaint old buildings are still left in Europe. The Chapel of Our Lady still stands on the bridge which spans the Don at Rotterdam. The little chapel was built in the fifteenth century and was restored about a hundred years ago. For several years, however, it has been used as a tobacco shop.

Described.

A parent was examining his young first grade hopeful in geography.

"What is land with water all around it called?"

"An island."

"Then what is water with land all around it?"

After a pause, "A puddle."

A Misfit.

A correspondent sends us an interesting natural history note. On opening his wardrobe the other day he found a moth in his dress coat. The effect, he declares, was ludicrous, as the coat was, of course, much too big for the moth.—Punch.

In a Quandary.

Bessie—Oh, Mabel, I am in an awful dilemma! I've quarreled with Harry, and he wants me to send his ring back. Mabel—That is too bad. Bessie—That isn't the worst of it. I've forgotten which is his ring.

WATCHES AND JEWELRY

Right on Time.

An accurate watch is a necessity to a busy man, rather than a luxury. One must have a good watch to utilize every precious moment, catch trains, keep appointments and be always on time.

You run no risk in buying a watch here. We guarantee perfect satisfaction with any watch we may offer you, and we have been in business long enough to prove that we keep our promises.

We know all about the watches we sell and sell them for just what they are.

Lover Arrested.

William L. Price was arrested in Richmond yesterday in connection with the death of Miss Nannie Webster, the pretty waitress at Kirkwood's lunchrooms, who was killed at the Broad street grade crossing of the Seaboard Air Line Monday night. He was released on bail for his appearance in the Police Court today. Price, it is alleged, had several times declared that if she did not marry him he would kill her. The young women at Kirkwood's were under the impression that Price was greatly in love with the girl, but that she cared very little for him. Price denies that he had any trouble with the girl, and said they were chatting pleasantly when the guard gate was reached, and without saying anything to him she stooped and passed under the guard gate and was struck by the locomotive. He says it all occurred in a moment and he was dazed with the result. W. J. Lowry, in charge of the engine, has also been summoned and was bailed for his appearance in court.

Miners' Strike in Germany.

The strike of the German coal miners is causing an acute shortage of coal throughout the empire. Many industries have been forced to suspend, while others are supplied with coal enough to last only a few days.

The calm attitude of the strikers is regarded as being most remarkable by the police authorities throughout the coal mining district. Although detachments of police from other parts of Germany continue to arrive, they have so far been unnecessary. Yesterday was pay day at part of the mines.

The Mayor of Essen has issued an order forbidding the collection of money to assist the striking coal miners. The authorities of Bochum have taken similar action. Cardinal Kopp, of Breslau, has contributed $750 to the aid of the strikers as an expression of his sympathy.

New Paper for Washington.

Arrangements are well-nigh complete for the publication in Washington of another newspaper—one to be run on modern lines and with plenty of financial backing. The paper will have three daily issues—one, it is understood, in the morning; one at noon, and the third about 4 or 5 in the afternoon. In this way it will seek to cover the whole news field, and will prove a novelty in the journalism of the national capital. The full service of the Laffan Bureau has been secured for the new paper, and it will start with a very complete equipment. According to the latest reports the first issue will appear within a very short time. Its promoters feel assured that it will be a success from the start.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three $1 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs' Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and $1. Trial bottle free at E. S. Leadbeater & Son's drug store.

Tonic to the System.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little Pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of LaFayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me. Dewitt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the most reliable remedy to carry with them. Sold by all druggists.
